NEWS RELEASE

January 2008

2008 Bristol International Kite Festival Dates and New Website Announced

The 22nd annual Bristol International Festival of Kites & Air Creations will take place in Ashton Court Estate over the weekend of **30 & 31 August 2008**.

Organizers are promising an action packed aerial extravaganza featuring spectacular flying displays, kite fighting battles, breathtaking synchronised routines flown to music and awesome power kites as well as colourful ground-based inflatables and air sculptures of all shapes and sizes.

International kite guests will be winging their way from across the world to join flyers and enthusiasts from the UK and Europe. The Festival will also welcome a spectacular array of air creations including original air sculptures and a collection larger-than-life inflatable creatures including 25 metre long dragons and a walk through coral reef. This year the Festival will also host the 20th birthday celebration of Revolution quad line kites, and the world's top teams will be demonstrating over the weekend.

Festival highlights will include:

- a 30 metre long multi-coloured manta ray and a gaggle of geckos designed and made in New Zealand by festival favourite Peter Lynn
- the brute power of vast man-lifting kite surf wings and the thrills and spills of kite-propelled buggies and land boards
- spectacular and colourful sea-themed kites including swirling octopi, a flying scuba diver, a giant mermaid and Roly the mega killer whale
- aerial combat with traditional Japanese fighting kites each vying to be the last one in the sky
- free children's kite-making workshops

The Festival programme runs on Saturday 30th and Sunday 31st August from 11.00am to 5.00pm. To add to the festive atmosphere there will also be fantastic play structures and children's attractions, selected specialist kite traders, a licensed bar and an array of appetising food and drink.

All the information can be found on the Festival's new website, which will be updated throughout the year – www.kite-festival.org.uk. The website has been sponsored and designed by local Bristol web firm Sandbox UK (www.sandbox.uk.com).
