

10Mb BROADBAND AVAILABLE ANYWHERE

NEWS RELEASE

30th August 2011

SKY IS NO LONGER THE LIMIT AT BRISTOL INTERNATIONAL KITE FESTIVAL WITH AVONLINE'S NEW 10Mbps SATELLITE BROADBAND SERVICE

Avonline Satellite Broadband – Powered by Tooway™ are the official internet suppliers to the world renowned Bristol International Kite Festival, which is being held at Ashton Court Estate this weekend.

Even now, there are large parts of the country which are not linked to a high-speed broadband service. Avonline's super fast, 10Mb speed, two-way internet access is available throughout the UK and is possible on the top of a mountain, in the middle of the countryside, in a small isolated village - and at a blustery outdoor extravaganza such as the Bristol International Kite Festival.

Avril Baker, organiser of the Bristol International Kite Festival says, "Despite being in a city like Bristol, traditional broadband is not always available and the fact that we can get satellite quickly and efficiently on site is a massive bonus."

Mark Wynn, Managing Director of Avonline stated that "The service we supply is vital. Businesses cannot operate in the 21st century without broadband capacity no matter where they are or what they are doing. We are delighted to provide this connectivity for the Bristol International Kite Festival, and look forward to a fantastic Show this weekend."

The Kite Festival, which is now celebrating its 25th year, will include a wide variety of activities and colourful professional displays. Especially good news for those attending is that the Tooway™ standard dish installation is designed to withstand 60mph winds and clouds and showers have little impact on satellite communications. Avonline's connection guarantees the same high level of access and performance in every location, regardless of landscape.

-ends-

Notes to Editors:

- Avonline is the official broadband internet partner for this year's Bristol International Kite Festival in Ashton Court over the weekend of 3rd and 4th September.
- Broadband will be provided by two dishes at locations within the Festival. Avonline will be exhibiting at the Show, as well as sponsoring a Kite Making Workshop.
